## REGISTER OF PRIVATE HIGHER EDUCATION INSTITUTIONS

LAST UPDATE 18 DECEMBER 2014

This register of private higher education institutions (hereafter referred to as the Register) is published in accordance with section 54(2)(a)(i) of the *Higher Education Act, 1997 (Act No. 101 of 1997)* (hereafter referred to as the Act). In terms of section 56(1) (a), any member of the public has the right to inspect the register.

### **IMPORTANT NOTE FOR THE MEDIA**

*The Department of Higher Education and Training recognizes that the information contained in the Register is of public interest and that the media may wish to publish it. In order to avoid misrepresentation in the public domain, the Department of Higher Education and Training kindly requests that all published lists of registered institutions are accompanied by the relevant explanatory information, and include the registered qualifications of each institution.*

The Register is available for inspection at:<http://www.dhet.gov.za>: Look under Documents/Registers

### **INTRODUCTION**

The Register provides the public with information on the registration status of private higher education institutions. Section 54(2)(a)(i) of the Act requires that the Registrar of Private Higher Education Institutions (hereafter referred to as the Registrar) enters the name of the institution in the Register, once an institution is registered. Section 56(1)(b) grants the public the right to view the auditor's report as issued to the Registrar in terms of section 57(2)(b) of the Act. Copies of registration certificates must be kept as part of the Register, in accordance with Regulation 20.

## The Legal Framework

In terms of the *National Qualifications Framework Act, 2008 (Act No 67 of 2008* (“the NQF Act”), the *National Qualifications Framework (NQF)*, which is the system into which the South African qualifications and part qualifications are organized and recorded, is divided into three (3) sub-frameworks. The 3 sub-frameworks are: The Higher Education and Training Sub-Framework (HEQSF), the General and Further Education and Training Sub-Framework (GENFETQSF) and the Occupational Qualifications Sub-Framework (OQSF). Each sub-framework is the responsibility of a Quality Council. The three Quality Councils (QCs) are: *Council on Higher Education (CHE)* responsible for higher education qualifications (Levels 5 – 10), *Umalusi* responsible for general and further education and training qualifications (Levels 1 – 4) and the *Quality Council for Trades and Occupations (QCTO)* responsible for trades and occupations qualifications (Levels 1- 10). Among others, these QCs are responsible for accreditation of qualifications falling within their sub-frameworks as well as accrediting private institutions that wish to offer their qualifications. To enable the Registrar to register private institutions in compliance of section 29 of the Constitution of the Republic of South Africa, the *South African Qualifications Authority (SAQA)* makes decisions as to which qualifications sub-framework a qualification belongs to so as to avoid a situation where private institutions may offer qualifications or part qualifications without registration of such qualifications on the NQF.

The QCTO may delegate its accreditation functions to a “**delegated accrediting authority**”, such as a *Sector Education and Training Authority (SETA)*, a professional body or another entity but the final endorsement will be issued by the QCTO as the responsible QC.

The *Further Education and Training Colleges Act, 2006 (Act No. 16 of 2006)* (“the FETC Act”) require that private institutions be registered with the DHET in order to operate legally, over and above being accredited by the HEQC (CHE) and Umalusi respectively. Therefore, accreditation of qualifications and the ability of the institute to deliver the qualifications for private higher institutions (PHEIs) and private Further Education and Training (FET) colleges is a means towards registration and it does not represent or replace registration for them. Meanwhile, private institutions that offer qualifications that fall on the sub-framework of the QCTO, which is on the (OQSF), (the sub-framework for trades and occupations on the NQF) are not required to register with the DHET and according to the *Skills Development Act, 1998 (Act No.97 of 1998)*(hereafter referred to as the SD Act), under which they are regulated, they must be accredited by the QCTO as an accredited provider only.

In a likely event that a private institution offers qualifications from the three sub-frameworks, it has to satisfy in respect to a specific qualification the requirements of that QC that relate to any one of the three Acts: HE Act, FETC Act and SD Act.

**The National Qualifications Framework (NQF)**

The following is a representation and explanation of the National Qualifications Framework (NQF).

<b>NATIONAL QUALIFICATIONS FRAMEWORK</b>		
<b>LEVEL</b>	<b>SUB-FRAMEWORK AND QUALIFICATION TYPES</b>	
10	DOCTORAL DEGREE DOCTORAL DEGREE (PROFESSIONAL)	* H E Q S F/
9	MASTER'S DEGREE MASTER'S DEGREE (PROFESSIONAL)	* O Q S F
8	BACHELOR HONOURS DEGREE POSTGRADUATE DIPLOMA BACHELOR'S DEGREE (480 CREDITS)	* O Q S F
7	BACHELOR'S DEGREE (360 CREDITS) ADVANCED DIPLOMA	* O Q S F
6	DIPLOMA ADVANCED CERTIFICATE HIGHER CERTIFICATE	O Q S F
5	NATIONAL CERTIFICATE INTERMEDIATE CERTIFICATE ELEMENTARY CERTIFICATE GENERAL CERTIFICATE	O Q S F
4	DOCTORAL DEGREE DOCTORAL DEGREE (PROFESSIONAL)	* H E Q S F/
3	MASTER'S DEGREE MASTER'S DEGREE (PROFESSIONAL)	* O Q S F
2	BACHELOR HONOURS DEGREE POSTGRADUATE DIPLOMA BACHELOR'S DEGREE (480 CREDITS)	* O Q S F
1	BACHELOR'S DEGREE (360 CREDITS) ADVANCED DIPLOMA DIPLOMA ADVANCED CERTIFICATE HIGHER CERTIFICATE	* O Q S F

Taken from Government Gazette Volume 578, Number 36721, Pretoria, 2 August 2013 and adapted for the Register.

The GENFETQSF can be found on Page 23 of the Gazette. Qualification types beyond level 6 on the OQSF have not been determined pending further advice.

The following must be noted:

- a. A “Diploma” is pitched on Level 6 of the NQF and it carries either 360 credits or 480 credits.
- b. A “Degree” pitched on Level 7 of the NQF carries 360 credits.
- c. A “Degree” pitched on Level 8 of the NQF carries 480 credits.
- d. An exception is the *Bachelor of Education* (BEd) degree which is pitched on Level 7 of the NQF with 480 credits.
- e. Other exceptions will be brought to your notice as they arise.

#### **The National Education Diploma (NATED) Commonly Referred to as N-Diplomas**

- a. The Department offers N-Diplomas on Levels 1 to 6 of the NQF through both public and private providers. For a provider to offer N-Diplomas on Levels 1 to 3 registration by the DHET as a private FET college is required. For a person to offer N-Diplomas on levels 4 to 6 only proof of accreditation by the QCTO is required.
- b. The N1-N3 Diplomas are the following:
  - National Certificate N1: Engineering Studies*
  - National Certificate N2: Engineering Studies*
  - National Certificate N3: Engineering Studies*
- c. The N4 to 6 Diplomas are the following:

**The above “Diplomas” must be accredited by Umalusi and the provider must be registered as a private FET college registered by DHET before the programmes can be offered.**

  - National Certificate: Information Technology: End User Computing*

*National Certificate: N4 to N6 Art and Design*  
*National Certificate: N4 to N6 Business Management*  
*National Certificate: N4 to N6 Engineering Studies*  
*National Certificate: N4 to N6 Financial Management*  
*National Certificate: N4 to N6 Human Resource Management*  
*National Certificate: N4 to N6 Legal Secretary*  
*National Certificate: N4 to N6 Marketing Management*  
*National Certificate: N4 to N6 Medical Secretary*  
*National Certificate: N4 to N6 Popular Music Performance*  
*National Certificate: N4 to N6 Public Management*  
*National Certificate: N4 to N6 Public Relations*  
*National Certificate: N4 to N6 Tourism*

**The above qualifications must be accredited to the provider by the QCTO before they can be offered.**

#### **SETA-accredited “Diploma” qualifications**

A “Diploma” falls on the sub-framework of the (HEQSF). However, “Diplomas” accredited by SETAs, have been phased out. A SETA, which is only a “delegated accrediting authority” of the QCTO, will no longer be responsible for accrediting “Diploma” qualifications. The accreditation of a “Diploma” qualification by a SETA will not qualify it for registration as either a PHEI or a private FET college.

#### **Transitional Arrangements**

The following transitional arrangements need to be noted.

- a. The SETA accredited “Diploma” were phased out in the transitional period.

#### **The registration of private higher education institutions**

The Department of Higher Education and Training implements its registration and regulation functions for private higher education institutions in accordance with the requirements of the:

- 1) *Higher Education Act, 1997 (Act No. 101 of 1997).*

2) *Regulations for the Registration of Private Higher Education Institutions*, published in *Government Gazette No.24143 dated 13 December 2002* (hereafter referred to as the Regulations). The Regulations were promulgated on 13 December 2002, and came into effect on 1 April 2003. The Regulations are an elaboration of the provisions of the Act. They clarify the requirements of the Act.

The requirement to register as a private higher education institution only applies to private institutions offering learning programmes that result in the award of whole qualifications, that is, learning programmes that result in the award of certificates, diplomas or degrees at higher education level.

The granting of registration, as contemplated in the Act, means that the Registrar grants an institution the legal authority to offer higher education programmes and award higher education qualifications. The purpose of registering private institutions offering higher education is to ensure that:

- ☞ private higher education institutions offer an acceptable quality of education.
- ☞ students receive higher education from institutions that have the resources, capacity and/or expertise to deliver quality programmes.
- ☞ students enrolled with private higher education institutions obtain qualifications that are aligned with the NQF.
- ☞ the education system continues on a path of transformation in accordance with government policy and regulation.

The registration process does not affect public higher education institutions. The regulatory framework sets criteria that define who is eligible for applying for registration and who qualifies for registration. It further outlines the responsibilities of an institution once registered.

## 1) Eligibility criteria

An institution is eligible for applying for registration as a private higher education institution if it is registered as a company in accordance with the *Companies Act, 1973 (Act No. 61 of 1973)* and proposes to provide higher education as contemplated in Chapter 1 of the Act. In terms of the Act, 'providing higher education' means executing all of the following functions in the name of the institution concerned:

- ☞ Registering students for whole qualifications at higher education level.
- ☞ Taking responsibility for the provision and delivery of curricula.
- ☞ Conducting the assessment of students regarding their learning programmes.
- ☞ Awarding qualifications for the learning programmes on offer.

## 2) The requirements for registration

The requirements for registration are the criteria that an institution must meet in order to qualify for registration. These requirements are stipulated in section 53 of the Act and Chapter 3 of the Regulations.

### Fulfilling the requirements for quality assurance

On evaluating an application for registration as a private higher education institution, the registrar must have reason to believe that the applicant will comply with the quality assurance requirements of the *Higher Education Quality Committee (HEQC)* of the *Council on Higher Education (CHE)*. The CHE is a statutory body responsible for promoting and overseeing quality assurance in higher education. The institutional and programme quality assurance assessment conducted by the HEQC is commonly referred to as accreditation evaluation, and includes an evaluation of:

- ☞ whether an applicant institution has the capacity to provide programmes at the higher education level.
- ☞ whether the programmes an applicant proposes to offer are indeed higher education.
- ☞ compliance with South African professional practice.

### Financial sustainability

The application must provide evidence that the institution is financially sustainable. Financial sustainability refers to an institution's ability to financially sustain its programme offerings, maintain operational continuity and meet its financial obligations to students. A further requirement is that an applicant must submit proof that it has established financial surety or guarantees.

### Compliance with health and safety regulations

An applicant must provide evidence that it complies with regulations relating to the health and safety of persons on all its sites of delivery.

## 3) Outcome of an application for registration

The evaluation of an application for registration as a private higher education institution has three possible outcomes:

- i) *Registration*

In the case of an applicant that has **fulfilled all the requirements for registration**, the Registrar grants registration in terms of section 54(1)(c) of the Act. In terms of section 60 of the Act, the registrar has the right to attach conditions to the registration.

*ii) Provisional registration*

The Registrar grants provisional registration if an applicant has not fulfilled all the requirements for registration. The Registrar must, however, have reason to believe that the applicant will fulfil the requirements within a reasonable period. Provisional registration is granted in terms of section 54(3) of the Act. In terms of section 60 of the Act, the Registrar has the right to attach conditions to provisional registration.

*iii) Declining application for registration*

The Registrar may decide to decline the application for registration as a private higher institution, in accordance with section 54 (2)(b) of the Act. Reasons for declining an application can include the following:

- ☞ Failure to meet the eligibility criteria.
- ☞ Failure to meet quality assurance requirements and maintain acceptable standards.
- ☞ Failure to meet the financial viability requirement.
- ☞ Failure to comply with health and safety regulations.
- ☞ Failure to satisfy the registrar that the registration of the applicant will be in the interests of the higher education system and the general public.

**4) The responsibility of a registered institution**

The responsibilities of a registered institution are stipulated in Chapter 6 of the Regulations. A summary of these responsibilities is provided below.

- i) Maintaining registration through continuing to comply with the requirements of the Act and the conditions of registration.
- ii) Reporting any changes in information submitted to the registrar.
- iii) Reporting loss of any physical facility, supporting service that may have consequences for the provision of programmes.
- iv) Displaying the registration certificate conspicuously on the premises.
- v) Publishing at least once a year a prospectus, calendar or brochure. Amongst other things, the prospectus must feature information on the managers of the institution, its academic staff, admission requirements and procedures, rules relating to assessment and academic credit accumulation and progression, fees and charges, student support services and student financial aid.
- vi) Keeping a comprehensive record of the academic achievement of each student enrolled.
- vii) Making available transcripts of academic records and certificates on request.
- viii) Ensuring accurate advertising and making no false, fraudulent or misleading statements.
- ix) Submitting to the registrar an annual report on or before 30 April of each year.

- x) On cancellation of registration, informing students, issuing students with copies of records of academic achievements, reimburse students and make arrangements for them to complete their studies at comparable public or private institutions.

### **5) Cancellation of registration**

In terms of section 62 of the Act, the registrar has the right to cancel the registration of an institution. Regulation 19(1) and (2) determines that the Registrar must cancel the registration or provisional registration of an institution if:

- i) the institution ceases to provide higher education as defined in the Act, meet eligibility criteria, fulfil the requirements for registration, comply with conditions of registration or operate all its registered programmes.
- ii) the institution provides fraudulent, false or misleading information to the registrar or to the public.
- iii) the institution is liquidated.
- iv) the owner or directors are convicted of an offence in terms of section 66 of the Act.

If the Registrar decides to cancel the registration or provisional registration of a private higher education institution, section 63 of the Act and regulation 19(3) prescribe that the registrar observe the following procedures:

- ☞ Communicate to the institution his intention cancel its registration and state the reasons.
- ☞ Publish the intention to cancel by notice.
- ☞ Grant the institution and any other interested persons an opportunity to make representations in relation to the expressed intention to cancel.
- ☞ Consider the representations made by the private higher education institution and other interested persons.
- ☞ Publish the final determination, with reasons.

### **6) Lapsing of Provisional Registration**

If a provisionally registered institution fails to comply with the requirements of registration within the period determined by the Registrar in terms of section 54(4)(a) of the Act, that institution's provisional registration will lapse in terms of section 54(6)(b) of the Act.

## REGISTRATION STATUS REPORT

### 1. REGISTERED INSTITUTIONS

Listed in this category are private higher education institutions that are granted registration in terms of section 54(1)(c) of the Act. They have fulfilled the requirements for registration.

**2. PROVISIONALLY REGISTERED INSTITUTIONS**

Listed below are institutions that are granted provisional registration in terms of section 54(3) of the Act. They have not fulfilled all the requirements for registration as private higher education institutions. The Registrar, however, believes that they will be able to fulfill the requirements within the period stipulated.

Please note: Although certain institutions are registered until 31 December 2015 this does imply that they will be closing at the end of the year. The Department will extend or convert their registration in terms of the Act and the Regulations. If an institution's registration is cancelled the Department will notify the public under point 4 of this Register.
